

Welcome Party for Kyoto University International Students

Prof. Naoshi Kondo and some of new members from Bio-sensing Engineering Laboratory attended the welcome party for Kyoto University International Students on 16-6-2016 evening. The welcome party took place at Clock Tower Centennial Hall (International Conference Hall). The welcome party started by speech from Prof. Juichi Yamagiwa, the current President of Kyoto University. Various kind of food were served during the party. There was also small interview session with several student representative including one of our member (Dimas). Finally, at the end of the party we have got a chance to take picture together with Prof. Juichi Yamagiwa.
